Wireless-A&G MIMO Performance® Broadband Router & Access Point with High Gain Antenna - WHR-HP-G108

Buffalo Wireless-A&G MIMO Performance® Router and Access Point provides easy AOSS™ simultaneous connectivity to 802.11a and 802.11g high-speed wireless networks. Super A and Super G high-speed wireless technology uses channel bonding to double the available throughput. Combined with Wireless-A&G MIMO Performance devices, WHR-HP-G108 extends wireless range of standard 802.11g networks by up to 3X. This Smart Router automatically detects and configures your Cable or DSL internet connection. The combination of high-speed connections on both 5 GHz and 2.4 GHz bands prevents interference and allows you to stream music, video, and photos on the 802.11a network while enjoying wireless gaming on the 802.11g network simultaneously!
