7 Great Ideas for Teaching ESL

1 Teach Classroom Language

ESL students may not know basic classroom language like "binder" and "white board" or requests like "May I share your book?" Take time to teach this language.

2 Journals

ESL students can almost always use writing practice, so try weekly practice on simple topics such as "My Best Friend" or "My Favorite Vacation."

3 Peer Revision

Every time students turn in a paper, have a peer read it first, responding to what works well and what needs improvement. Students then revise and turn in next session.

4 Profile Me

Students fill out forms with their names and contact information and a paragraph of basic information: birthplace, language, education, likes and dislikes, and so on. Share in groups.

5 Revision Marks

Most teachers have a set of revision marks, like "sp" for spelling error. Teach students your marks, with examples as necessary. This becomes a mini-review of writing issues.

6 Practice Indirect Requests

"Marta, please ask Jakob if he'll turn down his music." Students learn everyone's names while practicing grammar.

7 Email a Request

Students email a request classmate: "Can you give me a ride tomorrow?" Students then respond, practicing requests and learning peers' contact information.
